Please provide the website link for the report:	

Stakeholder Input for the School Wellness Policy:

A School Wellness or Health Committee is recommended to ensure that key school and community stakeholders provide input to the development, implementation, and assessment of the wellness policy. This committee may be a stand-alone council or be a sub-committee of an existing committee (i.e. school improvement/safety committee).

Please include a list of the positions (or roles) and their names that serve on the committee (*recommended members).

School Administrator*:	:Chris McCrea
School Food Service*	Kathy Haun Fighter
Health Enhancement Teacher*:	Delia Spotted Bear
School Nurse/Health Professional*:	Courtney Wilske
Parent*:	
Community Representative*:	
Family and Consumer Science Teacher:	
School Board Member:	Duke Goes Ahead
Student:	
Other:	Scott Prinzing/Corinne Day/Katie McCrea

Please provide the following information:

Name of Chairperson:	Eric Terrill
Phone:	4062597329
Email	ericterrill@pryorstaff.org
How often does the committee meet during the school year?	TBD

Maintaining Good Communication with School Staff

Select the steps the district has taken to ensure that the staff within each school in the district is aware of the wellness policy's goals and the details of the implementation plan. (Select all that apply.)

	A person at each school is designated to keep the staff informed on wellness goals, specific procedures, activities, or projects. This step is in addition to having a person within the district coordinate the school wellness policy.
	The school wellness implementation plan is reviewed with all principals to review with staff members each year.
	The school wellness implementation plan or report is reviewed and updated by the district wellness committee each year.
	The school wellness plan and/or report are posted on the school website and information is shared at an annual board meeting and at staff meeting.
	Information on the school wellness policy and implementation plan is listed in school newsletters, parent handbooks, and/or publications distributed to parents and school staff.
	Information on the school wellness policy is posted on the school district website and/or through the district's social media site.
/	Other (Please specify.)
	ard will approve wellness policy in Feb Board meeting. Will move forward er that.

Maintaining Good Communication with Students, Parents and Community Members

Select the steps the school district has taken to ensure students, parents, and community members are kept informed about the wellness policy's goals and the specific procedures, activities, or projects. (Select all that apply.)

	An annual report on the progress of the school wellness policy plan is given at a school board meeting.
	Information on the school wellness policy and implementation plan is listed in school newsletters, parent handbooks, and/or publications distributed to parents and school staff.
	Information on the school wellness policy is posted on the school district website and/or through the district's social media site.
/	Other (Please specify.)
no o	action has been taken

Assessment of the District Level School Wellness Policy Implementation Plan:

The district's implementation plan puts the school wellness policy into action throughout the entire district.

The plan can be created by: reviewing the overarching goal for each of the five school wellness areas: 1) nutrition guidelines, 2) nutrition education, 3) nutrition promotion, 4) physical activity, and 5) other school wellness topics that support student wellness.

Rate your district's progress on each objective listed under the 5 school wellness area goals. Rate each objective as Met, Not Met, In Progress, or Not Applicable.

Goal 1 - Nutrition Guidelines

In order to meet this overarching goal for Nutrition Guidelines, the district will influence the development of healthful life-long eating behavior in students by making the healthy choice the easy choice. It will achieve this by ensuring that nutrient-rich foods and beverages consistent with the Dietary Guidelines for Americans and USDA's Choose My Plate (choosemyplate.gov) are readily accessible on school campus. The District will follow nutrition guidelines for all foods sold on campus during the school day to promote student health and academic performance while taking steps to reduce childhood obesity.

The District can achieve this goal by completing a variety of objectives as listed below. Please rate each objective using the following scale (1-4).

	1. Met	2, Not Met	3 In Progress	4. Not Applicable
1. School nutrition manager is a certified food handler (as documented by ServSafe training).	0	0	(a)	0
2. School nutrition program staff regularly receive professional development through attending annual statewide or regional conferences.	0	0	•	0

7, The district promotes nutrient-rich food and beverages	l. Met	2, Not Met	3. In Progress	4. Not Applicable
in classroom celebrations and/or promotes non-food activities, such as fun physical activities.	0	(a)	0	0
8. The district ensures that food-based fundraisers held during the school day meet the USDA's Smart Snack rule guidelines.	0	(a)	0	0
9. The district ensures the nutrition guidelines are met in the After School Snack Program, the Fresh Fruit and Vegetable Snack Program, and the Summer Feeding Program.			0	•
10. The school promotes drinking water by improving access to free, safe drinking water in varied locations of the school (including the cafeteria) and through education and encouragement by staff.	•		0	

Do you have an objective that wasn't listed above? If so, please list it and rate progress using the following scale: 1 = Met, 2 = Not Met, 3 = In Progress.

Do you have another objective that wasn't listed above? If so, please list it and rate progress using following scale: I = Met, 2 = Not Met, 3 = In Progress.

Goal 2 - Nutrition Education

In order to meet the overarching goal for Nutrition Education, the district will influence the development of healthful lifelong eating behaviors in students through nutrition education and nutrition promotion. Nutrition education will be offered as part of a sequential, comprehensive, standards-based program designed to provide students with the knowledge and skills necessary to adapt health-enhancing behaviors. Nutrition education will be incorporated as much as possible into the school day.

The district can achieve this goal by completing a variety of objectives, as listed below. Please rate each objective as Met, Not Met, In Progress, or Not Applicable.

	1. Met	2. Not Met	3_In Progress	4. Not Applicable
I. The district strives to achieve the recommendations of Nutrition Education by Grade Level.	•		0	0
2. The district teaches students nutrition education using resources based on up-to-date, scientifically-based nutrition information consistent with the Dietary Guidelines for Americans and USDA's Choose MyPlate	•		0	0

Do you have an objective that wasn't listed above? If so, please list it and rate progress using the following scale: 1 = Met, 2 = Not Met, 3 = In Progress.

Do you have another objective that wasn't listed above? If so, please list it and rate progress using the following scale: 1 = Met, 2 = Not Met, 3 = In Progress.

Does your health education curriculum address all of these essential topics on healthy eating? After reviewing the following list of healthy eating topics, choose the option that reflects your response.

- The relationship between healthy eating and personal health and disease prevention
- Food guidance from MyPlate
- Reading and using food labels
- Eating a variety of foods every day
- Balancing food intake and physical activity
- Eating more fruits, vegetables, and whole grain products
- Choosing foods that are low in fat, saturated fat, and cholesterol and do not contain trans fat
- Choosing foods and beverages with low amounts of added sugars
- Eating more calcium-rich foods
- Preparing healthy meals and snacks
- Risks of unhealthy weight control practices
- Accepting body size differences
- Food safety
- Importance of water consumption
- Importance of eating breakfast
- Making healthy choices when eating at restaurants
- Social influences on healthy eating, including media, family, peers, and culture
- How to find valid information or services related to nutrition and dietary behavior
- How to take steps to achieve the personal goal to eat

healthfully

- Resisting peer pressure related to unhealthy eating behavior
- Influencing, supporting, or advocating for others' healthy dietary behavior

\bigcirc	3 =	Yes,	addresses	all	of	these	topics
------------	-----	------	-----------	-----	----	-------	--------

- 2 = Addresses most of these topics
- O 1 = Addresses some of these topics
- O = Addresses one or none of these topics, or there is no health education curriculum

Goal 3 - Nutrition Promotion

In order to meet the overarching goal for Nutrition Promotion, the district will influence the development of healthful lifelong eating behaviors in students through nutrition promotion. Nutrition promotion messages are targeted to a specific audience (students, staff, parents, or the community) to motivate them to take action. Nutrition promotion will be incorporated as much as possible into the school day.

The district can achieve this goal by completing a variety of objectives, as listed below. Please rate each objective as Met, Not Met, In Progress, or Not Applicable.

	1. Met	2. Not Met	3. In Progress	4. Not Applicable
l. The district promotes nutrition through enhancing the cafeteria with the addition of posters, displays, bulletin boards and/or food/nutrition/health-related artwork from students.	O			0
2. The district promotes water and calcium-rich milk intake by making them readily available during the school day.	©		0	0

Do you have an objective that wasn't listed above? If so, please list it and rate progress using the following scale: 1 = Met, 2 = Not Met, 3 = In Progress.

Do you have another objective that wasn't listed above? If so, please list it and rate progress using the following scale: 1 = Met, 2 = Not Met, 3 = In Progress.

Goal 4 - Physical Activity

In order to meet the overarching goal for Physical Activity, the district will provide opportunities for every student to develop the knowledge and skills for specific physical activities to maintain physical fitness and to obtain health education that instills an understanding of the short and long-term benefits of a physically active and healthy lifestyle. Activities will be designed to meet the needs, interests, and abilities of all students.

The district can achieve this goal by completing a variety of objectives, as listed below. Please rate each objective as Met, Not Met, In Progress, or Not Applicable.

	1. Met	2. Not Met	3. In Progress	4. Not Applicable
1. The district ensures that all students in grades K-12 receive daily health enhancement (or its equivalent of 150 minutes per week for elementary students: 225 minutes per week for middle and high school students) for the entire school year. Students with disabilities, special healthcare needs, and those in alternative education settings are included.				

Do you have an objective that wasn't listed above? If so, please list it and rate progress using the following scale: 1 = Met, 2 = Not Met, 3 = In Progress.

Do you have another objective that wasn't listed above? If so, please list it and rate progress using the following scale: 1 = Met, 2 = Not Met, 3 = In Progress.

Goal 5 - School Wellness

In order to meet the overarching goal for School Wellness, the district will strive to create a school environment that provides and demonstrates consistent wellness messages, is conducive to healthy eating and physical activity, and contributes to forming healthy lifelong habits for students and staff.

Schools can achieve this goal by completing a variety of objectives, as listed below. Please rate each objective as Met, Not Met, In Progress, or Not Applicable.

	1. Met	2. Not Met	3. In Progress	4. Not Applicable
1. District staff strives to create comfortable cafeterias by ensuring adequate time to eat for mealtime (breakfast minimum 10 minutes seat time for students; lunch minimum 20 minutes seat time). Seat time is defined as time students have to eat their meal (not time spent in line).			0	0
2. The district implements a recess before lunch schedule to promote a relaxed eating environment, improved food and milk consumption, and decreased food waste.	•		0	0

	l. Met	2, Not Met	3. In Progress	4. Not Applicable
3. The district partners with school parent organizations to promote student wellness.	0	0	•	
4. District staff and school parent organizations strive to offer healthful choices at concession stands at school sponsored events (sports, music, art, etc.)	0		0	•
5. The district implements innovative practices to increase school breakfast participation, such as breakfast in the classroom or grab and go breakfast service.			0	•
6. The district implements innovative Smarter Lunchroom practices (behavioral economics) to increase the number of students making healthful choices.		0	0	(a)

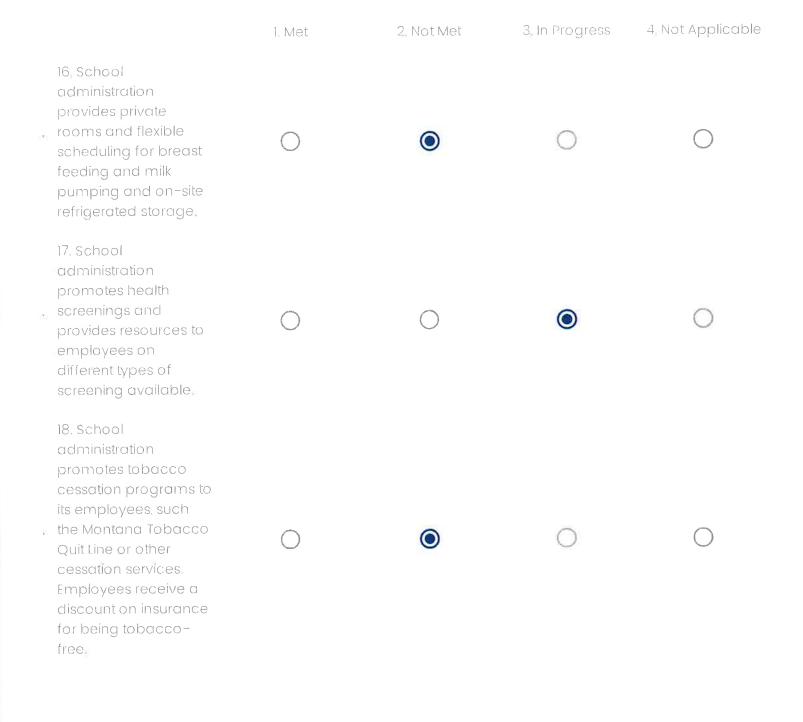

1, Met

2. Not Met

et 2. No

14 School administration provides staff opportunities to participate in physical activity programs and increase physical activity during the school day and outside of school. Example programs could include allowing flexible work schedules to give employees. time to exercise. allowing walking meetings, offering fitness classes and equipment on-site, and promoting free and low-cost recreation activities with the help of community partners.

15. School administration provides staff opportunities to participate in nutrition programs. Example programs could include promoting a healthy recipe exchange between staff to create a recipe book, providing healthy cooking and meal planning classes for employees and their families, and providing classes on managing diabetes and other nutritionrelated diseases.

Do you have an objective that wasn't listed above? If so, please list it and rate progress using the following scale: 1 = Met, 2 = Not Met, 3 = In Progress.

Do you have another objective that wasn't listed above? If so, please list it and rate progress using the following scale: 1 = Met, 2 = Not Met, 3 = In Progress.

Action Plan for Meeting a School Wellness Goal

1. Identify one goal area you would like to work on during this school year.

Nutrition Guidelines >

In order to meet this goal, please write the objective (one you rated a 2 or a 3) that will be worked on:

Monitor and support the kitchen to bring them up to federal and state requirements.

Develop an action plan for meeting this objective by completing Steps 2, 3, and 4 below. These steps include listing the action steps, evaluation plan, timeline, and persons responsible for meeting the objective in the wellness area.

Step 2 Action Plan for Yearly Goal

Please list the action plan steps you will undertake to meet this objective. Action step(s) include:

Staff Training, Certifications, OPI mentor program, Admin oversight of appropriate policies and procedures based on federal and state guidelines.

Step 3 Evaluation Plan for Goal

Please write the evaluation plan to ensure the objective is met.

OPI annual checklist, procurement in place, Kitchen policies and procedures handbook, wellness committee meetings, coordinate with outside providers to ensure accuracy on nutritional standards.

Step 4 Timeline and Persons Responsible for the Goal

Please list the timeline and person(s) responsible for the goal to ensure the objective is met.

Eric Terrill, Admin/Sup Kitchen director Kathy Haun Fighter

Additional Information

If applicable, include additional information that is pertinent to your school wellness policy.

Please review all of your answers to the report. Use the previous on the bottom of the page to go back to questions and make any changes.

Please click the 'Submit' button to submit the report. You will then be able to download a pdf file for your records. Be sure to share this report with the public (i.e. staff, parents, students) by posting it on your website or at a board meeting or newsletter. Thank you.
